About you

Then, you will answer a series of questions relating to yourself, your qualifications, and your employment.

## Qualifications

SET membership consists of different grades depending on your qualifications and experience. Membership grades are as follows:

Student

Affiliate

Associate (ASET)

Member (MSET)

Fellow (FSET)

By submitting your qualifications this will predict the most accurate grade of membership.

The page header includes the Society for Education & Training logo, a search bar, and navigation buttons for MY SET, LOG OUT, CONTACT, and ETF. A main navigation menu contains links for ABOUT SET, MEMBERSHIP, YOUR CAREER, RESOURCE HUB, COMMUNITY AND EVENTS, and HELP. The main content area is titled "Your Qualifications" and "Existing Qualifications". It instructs users to use the form to update their qualifications. The primary question is "What Teaching Qualifications do you hold? \*", with three radio button options: "I have a Teaching Qualification", "Studying my Initial Teaching Qualification (ITE)", and "I have no Teaching Qualification". At the bottom, there are "PREVIOUS" and "NEXT" navigation buttons, with the "NEXT" button highlighted by a yellow circle.

## Special Interest Groups

SET special interests ensure you get the latest news and information about what matters to you.

Each one has been mapped to the ETF [Professional Standards for Teachers and Trainers](#), which have been developed with sector professionals and experts to support your professional learning and career development.

By selecting your topics of interest this will tailor communication sent to you by SET, ensuring you are the first to hear about news and upcoming events relevant to your interests.
